

East Valley Medical College

Nursing Assistant Program

Certified Nursing Assistants/Licensed Nursing Assistant are truly special people who genuinely care for others and take great pride in their work, making a valuable contribution to a patient's comfort and safety when they are at their most vulnerable. With their direct interaction to patients, CNAs are considered an essential link between the patient and the nurse.

CNA/LNA Duties Include, But Are Not Limited to the Following:

- Ensuring the patient is comfortable and safe
- Providing help with physical and oral hygiene
- Monitoring vital signs and observing patient behavior
- Promoting patient safety and environmental cleanliness
- Assisting the patient in daily activities such as feeding, bathing, and dressing
